

GYMNASTICS REVOLUTION

Athlete/Participant Mask Policy – Gymnastics Revolution – 5/17/2021

Mask requirements in the gym will now be limited by age, date, and vaccine availability. All students, spectators, and coaches will wear masks when using “common areas,” including the lobby, parent viewing area, and bathrooms.

- Ages 21 and Up: if date is Wednesday, May 19 or later, and you are fully vaccinated, mask wearing in the gym is not required.
- Ages 16 and Up: if date is Wednesday, May 19 or later, and you are fully vaccinated, mask wearing in the gym is not required.
- Ages 12 and Up: if date is Thursday, June 17 or later, and you are fully vaccinated, mask wearing in the gym is not required.
- Ages 2 through 11: Masks will continue to be required at this time. As we move into Summer, we will continue to evaluate.
- Ages 0 -1 years: Masks are not required in this age group.

We continue to move safely toward “normal.” We appreciate your help in remaining vigilant and thoughtful when it comes to masks. We will use the honor system to determine those who are fully vaccinated, and we ask for your continued help to set a proper example for our youngest age groups – those not yet able to remove their masks. Until such time as every student, spectator, coach, and family member at Gymnastics Revolution has a vaccine available to them, and they are able to make fully informed decisions regarding vaccinations, we are still *in this together!*
